**Est-ce identique ou différent de la méthode Agile?** 🤖

- Processus et principes / interactions et gestions de projet
- Préparation et démarche / résoudre et rétroaction
- Spécialiste / généralistes
- Interne / client
- Les deux mettent l'accent sur la qualité et le "just in time"

7

**Nommer des éléments que vous auriez pu améliorer pour être davantage Lean** 🤖

- Retarder les décisions
- Augmenter les connaissances
- TDD (test driven development)

8

---

---

---

---

---

---

---

---

**Donnez votre opinion sur les avantages et désavantages de Lean basée sur votre expérience.**

- Avantages:
  - code de qualité réutilisable
  - Augmenter les connaissances
- Désavantages
  - livrer rapidement
